

# Cal Spas®

## GENESIS™ SPA

## GR-510R

4 PERSON ROTOMOLD ROUND SPA WITH 10 JETS

- 10 Exclusive Stainless Steel Jets
- Flo-Master XP2e™ 2.0 BHP Pump
- Plug & Play C-Kit GFCI Plug
- Exclusive 25 Sq. Ft. Bio-Clean™ Filter with Built-in Weir Gate
- Exclusive Stor-Dry™ Winterizing Plumbing System

### STRUCTURAL

Cal Spas Genesis™ Spas have a lifetime guarantee against water loss due to defects in the spa shell from the original date of delivery.

### CABINET

Cal Spas Genesis™ Spas cabinets have a lifetime guarantee against defects in workmanship or materials from the original date of delivery. Normal wear and weathering of the finish will occur naturally over time and are not defects.

### PLUMBING

Cal Spas Genesis™ Spas are warranted against leaks due to defects in workmanship or materials for one year from the original date of delivery.

### EQUIPMENT & CONTROLS

Cal Spas Genesis™ Spas electrical equipment components – specifically limited to the pumps and control system – are warranted against malfunctions due to defects in workmanship or materials for one year from the original date of delivery.

## SPECIFICATIONS & FEATURES

- **Seating:** 4 person
- **Dimensions:** 76" D x 32" H
- **Weight:** 350 lbs. dry / 2,855 lbs. filled
- **Water Capacity:** 300 gallons
- **Electrical:** Pump Voltage – 110V / 240V
- **Rotomold Shell:** is uniquely formed using a rotational molding process where the shell is spun on two axels to form the desired mold. Choice of colors: Sahara, Dark Twilight and Cinnabar.
- **Cabinet Style:** Vertical style Rotomold in color of shell
- **Heavy-Duty Hydro-Armor™ Spa Cover:** A 4" thick cover tapers to 2.5" at the edges to prevent precipitation from pooling. The shield features safety locks and straps with a dense foam core to ensure superior thermal insulation. Choice of colors: Black, Rust, Slate and Grey.
- **Plug & Play C-Kit GFCI Plug:** This convenient kit saves from the installation cost by an electrician. Simple plug in the spa and enjoy!
- **Electronic Controls:** Whisper Power Unit™ BP501-G1 Equipment with Digital TP-400 Topside Control Panel is a user-friendly display with an easy-to-read digital readout and backlight. Every vital control is at your fingertips and easy to control.
- **10 Exclusive Stainless Steel Jets:** Each jet delivers a steady stream of water and is designed to address a specific muscle group for the ultimate hydrotherapy experience:  
*Back and Shoulder Jets* deliver invigorating massages to sore back and shoulder muscles
- **Multi-Color LED Spa Lighting:** can be programmed to alternate between a variety of different colors
- **Flo-Master XP2e™ 2.0 BHP Pump:** provides plenty of power while improving the overall energy efficiency of the spa, reducing operating costs
- **Exclusive 25 Sq. Ft. Bio-Clean™ Filter with Built-in Weir Gate:** An easily accessible, reusable filter that provides balanced filtration and is simple to maintain. This system uses Microban inhibitors to prevent bacteria growth. Removable filter lid features convenient cup holders.

- **Green Friction Heat:** generates heat through friction by pumping water through a baffle system. Green Friction Heat automatically heats whenever the spa pump circulates – reducing the need to run additional electrical heat. (Standard XP2e applications only).
- **WhisperHot™ 1 kW / 5.5 kW PureHeat™ Titanium Flow-Thru Heater:** maximizes operation and runs whisper-quiet at all times
- **Thermo-Guard™ Full Foam Insulation:** High-density insulation locks all plumbing firmly in place. Closed cell foam provides additional structural support and helps repel water. Energy efficiency is increased with the standard application of Shell-Loc™ Foam Technology and Thermo-Layer™ Cabinet Insulation.
- **Exclusive Stor-Dry™ Winterizing Plumbing System:** All lines are plumbed to the drain valve to enable full water drainage and protect the spa from freezing during cold winter months.

## OPTIONAL FEATURES

- PureSilk™ Ozonator Water Management System
