**Cal Spas Sponsors Fairplex Child Development Center's
23rd Annual Dinner and Auction**

Fairplex Child Development Center raises funds to support families and tomorrow's teachers.

Pomona, CA — (October 8, 2014) Cal Spas®, global leader in luxury home resort products, is pleased to announce its donation to the Fairplex Child Development Center during their Annual Dinner and Auction, which took place on September 25, 2014 at the Sheraton Fairplex Conference Center in Pomona, CA.

Several families within the Los Angeles and San Bernardino Counties do not have the means to afford quality child care services. Donations to the Fairplex Child Development Center help to increase awareness and to provide a solution to local families in the surrounding area by providing much needed child care, education, and social welfare.

“We are pleased to continue our support of The Learning Centers at Fairplex, more specifically the Child Development Center,” says Casey Loyd, President of local manufacturer, Cal Spas. “We have been involved with the growth of the center for over 20 years and are proud to see the families of our hometown benefit from our donation.”

Cal Spas donated a round acrylic hot tub from its popular GEN-II Collection used in the live auction during the event to generate funds to support the Fairplex Child Development Center's efforts.

“This is our 23rd Annual Dinner and Auction and we are very excited to have Cal Spas as one of our sponsors this year,” said Holly Reynolds, director of Fairplex Child Development Center. “This event helps us serve a wide range of children and families in the community.”

[more]

The Fairplex Child Development Center has established an alliance with the University of La Verne where adult students pursuing a career in Child Development can use their facility for hands-on training. As a result, Fairplex Child Development Center's staff continually build its knowledge of best practices on the latest early childhood education research.

"Students who are earning a degree in Child Development come to us and learn how to become teachers. It's a wonderful program that not only serves children and families in the community, but also serves future teachers," explains Holly Reynolds.

The center provides a safe, nurturing and educational environment to children ranging from eight weeks of age, to preschool age.

For additional information about the Fairplex Child Development Center, please contact Holly Reynolds by email at reynolds@fairplex.com.

Learn about Home Resort Living and find a local authorized dealer at www.calspas.com.

ABOUT FAIRPLEX CHILD DEVELOPMENT CENTER

In 1980, the Center began as a child care resource for Fairplex employees. In 1991, two major milestones occurred. A new building was constructed to increase enrollment capacity, and the Center formed a partnership with the University of La Verne. This new alliance established the Center as a lab school and hands-on training facility for students pursuing a Child Development degree from the University of La Verne. Today, the Center serves children eight weeks to preschool age, in specially designed infant, toddler and preschool classrooms.
