Cal Spas offers a complete program of swim spas for every consumer at a wide range of price points

Cal Spas Offers a Complete Swim Spa Program
Get in Shape with Cal Spas® Swim Pro™ Swim & Fitness Spas

Pomona, CA — (July 13, 2016) Cal Spas, the leading hot tub and swim spa manufacturer in the United States, proudly offers the Swim Pro™ Swim & Fitness Spa line, a complete swim spa program of six different models for every type of consumer.

“We consistently work to develop products that are ahead of industry trends and can compete in the market,” said Casey Loyd, President of Cal Spas. “With healthy living and workout options becoming so popular, it was important for Cal Spas to manufacturer a product that offered consumers a complete full body workout with the added benefits of stimulated blood circulation and joint mobility.

Cal Spas supplements their extensive swim spa units with accessories to expand fitness and health capabilities of each Swim Pro™ Swim & Fitness Spa. Unlike other brand swim spas, an agile swim routine can be followed up with an immersive hydrotherapy session with Cal Spas hydrotherapy seats.

Cal Spas Swim Pro™ Swim & Fitness Spas are offered in 4 different lengths, each with their specific amount of therapy jets. Consumers can choose from a modest 12-foot model to a large 17-foot swim spa with dual swim and spa zones.

“Swim spas not only provide the ultimate aquatic exercise experience, but are also large enough to host a gathering with your friends and family. Those who accompany you in your Swim Pro™ Swim & Fitness Spa will benefit from an intense hydrotherapy experience only Cal Spas products can provide,” said Loyd.

The Cal Spas team works diligently to manufacture products in Southern California in 5 days or less which then are distributed to a worldwide specialty dealer network.
