“Cal Spas® Swim Spas are the perfect way to achieve your fitness goals,” says Cal Spas® President, Casey Loyd. “The Swim-Pro™ not only provides the ultimate aquatic exercise experience, but is also large enough to entertain over 10 of your closest friends and family. Everyone who accompanies you in your Swim-Pro™ will benefit from an intense hydrotherapy experience only Cal Spas® hot tubs can provide.”

The Swim-Pro™ Swim Spa introduces new bench seating that allows for a higher seating capacity without interference of the “fitness area” for an explosive workout without limitations. Also included on the Swim-Pro™ is Swim Spa River Jet II, two powerful swim jets offered by Cal Spas® for resistance swimming against a smooth current adjustable to any fitness level. Every evening the multicolored underwater LED lighting will light your way to a new, fitter and healthier you.

“This is only the first of a dozen new models we are planning to launch for the new year,” Loyd continues. “We encourage our dealers to add a wet model of the Swim-Pro™ F-1325 to their showroom floor to allow consumers to experience the Swim-Pro™ in person.”
